A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of the twinge is the blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the twinge. Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poison which is the cause of the twinge. Your "Golden Medical Discovery" cured me of rheumatism. I had been unable to walk for a month. I used a dozen bottles of the medicine and my joints were so stiff and sore that I was hardly able to move about. I had been unable to walk for a month. CLEANLY WOMAN.

Erroneously thinks by scouring her scalp that she cures dandruff. Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her hair every day, and yet have dandruff her life long. The only way to cure dandruff is to kill the germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send five stamps for sample to The Herpicide Co., Detroit, Mich.

A Desperate Negro.

Hundreds of bullets were fired last night into a building in Englewood, Chicago, by ninety policemen, eight of them armed with Winchester, to effect the capture of Robert Newcomb, a negro, who had killed a man and a woman and wounded two others, and it was not for nearly two hours that the fugitive, who had barricaded himself in the house, was finally captured. The battle attracted a huge crowd and created intense excitement. The police were led by Assistant Chief Schuetler, who finally got Newcomb. The negro, who had gone through two fights and had hundreds of bullets fired at him, was practically uninjured. The dead are: Desk Sgt. John P. Shine and Florence Poor, colored. Two colored persons were injured.

Love for a woman named Poor was the cause of Newcomb's first murder. He had bothered her with his attentions for months, although she was married and repulsed him on all occasions. Yesterday at 2:30 o'clock he entered her home and killed her with a shot from his revolver. Then crazed, he ran into a saloon on State street, and without warning, he wounded two colored men named Luce and Blue. He then ran swiftly to his home, 125 Sixty-first street, and barricaded every window and door.

By this time the police had learned of the death of the woman and the wounding of the two men, but it was some time before they learned who the murderer was and where he was. Sgt. Shine started out to arrest him, but on trying to enter the house he was shot by Newcomb and mortally wounded, dying at the Englewood Hospital in the evening.

Every policeman who attempted to approach the house was the target for one of Newcomb's bullets, and reinforcements were sent for. Many volleys were fired at the shack, but Newcomb had plenty of ammunition and he replied through sixty policemen surrounded the house and the firing was continuous. It attracted a large crowd, which kept at a safe distance, however.

Then Assistant Chief Schuetler was notified, and he arrived with more policemen and five detectives armed with rifles. The latter fired about 200 shots into the cabin, riddling the doors and windows. Then Schuetler and two detectives made a rush for the door. One man with an axe splintered the door and several rushed in. Newcomb was in the hallway and the axe hit him on the head.

More shots were fired, but no one was hit and a dozen men grabbed the negro and dragged him out. He was put in the Woodlawn jail.

Clerk Takes \$101,000.

The discovery was made late yesterday that the Adams Express Company has been victimized to the extent of \$101,000 at Pittsburgh, Pa., supposedly through the peculation of an employee. The following official statement of the affair was issued last night: "At 4:15 p. m., Monday, October 9, a bank of Pittsburgh, Pa., delivered to the Adams Express Company at their office at 610 Wood street, Pittsburgh, a package of currency containing \$100,000. Of this amount, \$80,000 was in \$100 bills, \$10,000 in \$50 bills, and the remainder, \$10,000, in \$5, \$10, and \$20 bills. The \$100 and \$50 bills, issue of the Farmers Deposit National Bank of Pittsburgh and the Bank of Pittsburgh, were in the main entirely new; some had been slightly used. The \$5, \$10, and \$20 bills were old currency. The package containing this large sum of money was consigned to a bank in Cincinnati, Ohio. This package was received and receipted for by Edward George Cunliffe, who was then acting in the place of the regular money clerk, who was ill. Cunliffe left the office at the usual time Monday evening, and yesterday morning when he failed to report for duty a hurried examination was made of his department, and it was learned that about \$1,000 of funds entrusted to his care were missing. General Agent Hiner, of the Adams Express Company, immediately called in detectives and placed the matter in their hands. Later developments brought to light the fact that in addition to the \$1,000 missing, the bank package containing the \$100,000 had not been received at the money-forwarding office at Union station, Pittsburgh. Inquiries made at his residence showed that Cunliffe arrived home at the customary time Monday evening, and, after changing his clothes, bade his family good-by, saying to his wife that he was going out for the evening, and nothing further has been heard from him.

Could Not Be Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Millford, Va., who says: "It works like magic, and is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by Gibson & Timberman and W. F. Creighton & Co.

Saleswomen's Peril

Brave Diseases, Due to Standing

Facts About Miss Merkley's Dangerous Illness and Complete Cure

Have you ever thought why so many women or girls rather walk an hour than stand still for ten minutes?

Miss Margaret Merkley

It is because most women suffer from some derangement of their delicate organism, the discomfort of which is less trying when they are in motion than when standing.

In some states laws compel employers to provide resting places for their female employees.

But no amount of law can regulate the hard tasks of these women. They must get the strength which this work demands or run the risk of serious diseases and the surgeon's knife.

Read about the experience of Miss Margaret Merkley, 275 3d Street, Milwaukee, Wis.:

Dear Mrs. Pinkham—

"Gradual loss of strength, nervousness, bearing-down pains and extreme irritation compelled me to seek medical advice. The doctor said I had ovarian trouble and ulceration of the womb, and advised an operation if I wanted to get well. I objected to this and decided to give Lydia E. Pinkham's Vegetable Compound a trial. I soon found that all the good things said about this great medicine were true. The ulceration soon healed, backache, headache and nervousness disappeared, and in a short time I was strong, vigorous and perfectly well. I wish every working girl who suffers would try Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound is a vegetable tonic which invigorates and strengthens the entire female organism, and will produce the same beneficial results in the case of any sick woman as with Miss Merkley.

All-day Riot.

Riot and mutiny held away in Midland, Pa., the new steel town below Beaver, yesterday. Three hundred Italian workmen, armed with pick handles and with an American flag at their head, marched through the streets and fields demanding the life of a foreman named Lawler, who they claimed knocked down and killed one of their countrymen. Lawler was spirited away by the Americans in the town. Not a stroke of work was done in the new town all day. The Italians would not let the others stay at their jobs. Teamsters, bricklayers, carpenters, and even the switchmen on the railroad had to quit. Quiet was restored late yesterday afternoon. A settlement was effected only after the officials had made it plain that the foreman had left.

Frightful Suffering Relieved.

Suffering frightfully from the violent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, with the result, he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. See at E. S. Leadbeater & Sons, druggists, guaranteed.

WEDNESDAY EVENING, OCT. 11, 1906.

FROM WASHINGTON.
(Correspondence of the Alexandria Gazette.)
Cessation of the existing armistice and the announcement of a definite peace in the far East is expected to occur within a week. Boon Rosen, the Russian Ambassador, was at the State Department this morning arranging for the telegraphic exchange of the notice that the peace treaty of Portsmouth has been signed by the Emperor of Japan. The Baron said that he expected this to occur within a very few days. This telegraphic interchange must take place within fifty days of the conclusion of the treaty at Portsmouth according to the terms of the document itself. The treaty was signed by the plenipotentiaries on August 29th and the ratification must therefore take place before October 16. When this is done peace will be established and the two heretofore hostile armies in Manchuria may begin to fraternize and to prepare for their withdrawal and return home. In order to complete the formalities there will be later in the White House here in Washington probably a month from now the ceremony of the exchange of the written documents signed by the czar and the Japanese Emperor. The treaty bearing the signature of the czar will be handed by Baron Rosen to Minister Takshira and that signed by the Mikado will be handed by Minister Takshira to Baron Rosen and with this done in the presence of President Roosevelt who did so much to bring about peace, will be the final act in the Russo-Japanese war. Just how long it will take the Irish to emigrate from the Emerald Isle to the United States is a question raised by the report of Consul Mee, of Dublin to the Department of Commerce and Labor on the immigration to this country during the three months ending June 30. Officials are asking if the day is coming when Ireland will be a depopulated waste of greenness. During the quarter more than 12,000 persons left Ireland and but 2,000 came to the United States. Of course there were a large number of births, some 26,000, but there were 19,000 deaths and when the number of emigrants is considered the population is shown to have decreased. He reports that the number of persons receiving indoor and outdoor relief during the quarter exceeded that of the second quarter of 1904.

Representatives from 12 Occidental republics and the Japanese Empire visited Mt. Vernon today and stood with uncovered heads before the tomb of Washington. An excursion down the Potomac to Indian Head on the revenue cutter Windom, the party of delegates to the Pan American Sanitary Convention stopped at Mt. Vernon. Questions of sanitation were discussed only informally and will be taken up at length tomorrow. Surgeon General Suzuki, of the Imperial Japanese navy, has received much attention from the convention. Today he was his guest down the river. Tomorrow he will probably address the convention, having been introduced Monday. Yesterday he inspected the laboratories of the Marine Hospital Service. Mr. McCarthy and Chairman William H. Curtis, of Richmond, who have been in Washington for the purpose of completing the arrangements for the present visit to their city, have returned to their homes.

Mrs. Lucy G. Lee, of Manassas, L. I., known as "the woman in blue," who was arrested Monday at the White House while endeavoring to see the President, was sent to the Garfield Hospital this morning for treatment. Last night the detective bureau communicated with her husband in New York and it was at his request that she was taken to the hospital. The police surgeons had examined her and did not find her mental condition such as would warrant their committing her to a government institution. The Chicago Press club, to the number of 100 members, called on the President this morning, en route to Baltimore and New York.

President Roosevelt's record as a peace maker was indorsed by resolution at this morning's sessions.

Robert Bacon, of New York, the new Assistant Secretary of State, took the oath of office this morning.

Perceval Dodge, Secretary of the United States Embassy at Berlin, has called to the State Department that the engagement of the Duke of Edinburgh, second son of the German Emperor, to Duchess Sophie Charlotte, of Oldenburg, has been officially announced.

Deputy Sheriff Killed.
Thomas Hardy, living one mile north of Weyerton, a deputy sheriff of Washington county, Md., was shot and instantly killed about 8 o'clock yesterday morning about half a mile east of Weyerton Station. John T. Colson, colored, is under arrest suspected of the crime. Hardy, with Deputy Sheriff Emory Nelson and Officer R. D. Weber, of the Baltimore and Ohio Railroad special police force, were at Weyerton looking out for unauthorized persons riding on freight trains. Train 95, one of the fast freights of the Baltimore and Ohio, was lying on the siding at that point waiting for a passenger train to pass, and the three officers started to go over the train to see if any interlopers were aboard. Nelson and Weber started at one end and Hardy alone at the other. Nelson and Weber heard two shots and, hurrying forward along the tracks, found Hardy lying between the tracks mortally wounded. He died without being able to make a statement.

Search was immediately made by Weber and Nelson for the murderer, and they found a young white man in the weeds near the track. The latter said a negro shot the deputy sheriff and later Colson was captured in a barn.

The Rouse Case Dismissed.
The suit of Elizabeth S. Cowan, to recover \$89,250 from the estate of Chas. Broadway Rouse, on the plea that he had promised to support her for life because of his failure to marry her, was dismissed in New York yesterday by Supreme Court Justice Greenbaum. The suit of Mrs. Cowan is only one of the many actions instituted by women against the Rouse estate, alleging that the rich old blind merchant had promised to support them or their children, or both. The executors have settled several such suits, and in one or two instances the women have got verdicts against the estate.

News of the Day.
S. Fred Nixon, speaker of the New York Assembly, died at his home at Westfield yesterday.

The High Tent of North America, Independent Order of Bechabites, began its session in Washington yesterday.

The rejection of Poe's name in the list of great poets by the judges of the Hall of Fame has caused a wave of indignation in Baltimore, and is described as colossal stupidity.

The strike in Moscow is spreading; agitators are openly preaching a revolution, and red flags are displayed by the crowds. Many workmen have been driven from the factories by strikers.

In the fight at Toledo, O., yesterday for the control of the Wabash the six directors nominated by George J. Gould were elected in the meeting of bondholders. Mr. Ramsey threatens to contest the legality of this election in the courts.

Mrs. Rebecca Esler, wife of F. B. Esler, vice president of the United States and Guaranty Company, and a prominent society woman at Great Neck, Long Island, yesterday filed a list of creditors in bankruptcy proceedings before Charles A. Kipling, referee in bankruptcy for the Long Island district.

The list included unsecured claims amounting to \$17,936.58. She owns 18 Paris merchants' hats, gowns, millinery and a few pieces of jewelry. In London her creditors number eight.

Ex-Mayor Robert C. Davidson, whose sudden disappearance from Baltimore last May was chronicled at the time, was sued for absolute divorce yesterday by his wife, Mrs. Eliza C. Davidson. Mrs. Davidson charges her husband with unfaithfulness and names Gertrude Schmidt and "divers other persons" as corespondents. There is no mention in the bill of the trained nurse who disappeared from Baltimore about the time Mr. Davidson left, and with whom, Mrs. Davidson said at the time, the ex-mayor had gone to Europe.

Virginia News.
John Richard Gill, a native of Woodstock, died at the hospital in Winchester Monday night after an attack of paralysis. He was 71 years old.

Cole, formerly cashier for the Southern Bell Telephone and Telegraph Company in Norfolk, indicted by the grand jury upon the charge of embezzling funds of the telephone company to the extent of \$4,200, entered a plea of guilty in the Corporation yesterday afternoon and was given one year in the State penitentiary at Richmond.

Mrs. Roosevelt, it is understood, will be the guest of Mrs. Montague at the Executive Mansion during her stay in Richmond next week. General Ship announced to the Governor that the cadets will be in Richmond on the occasion of the President's visit.

A stock theatrical company came to grief at Fredericksburg Monday night before the performance was half over. The crowd expressed its disapproval with hoots, yells and catcalls until the curtain was rung down when 150 persons assembled on the sidewalk to await the players. The crowd was armed with all kinds of decayed vegetables, and not a few stone eggs. The members of the company were smuggled out, but the mob overtook the unfortunate players and gave them several volleys of the ammunition before they could reach their boarding-houses safely.

Fell from Monument.
Joseph G. Owings, a painter, of 905 Second street northeast Washington, forty-five years old, while at work painting the elevator shaft of the Washington Monument yesterday afternoon about 1 o'clock, was precipitated by the breaking of the scaffold upon which he was standing to the ground, a distance of 290 feet, and instantly killed. Nearly every bone in Owings' body was broken, and his flesh reduced to a pulp. The two other men who were at work upon the scaffold at the same time, Joshua Mastin, and Edward Littleton, miraculously saved themselves by clinging to one of the upright posts at the corners of the elevator shaft and sliding to the next landing, about fourteen feet below them. The cause of the accident was a weak spot in the trestle, due to the way it had been nailed. It was composed of three white pine boards, nailed at one spot with several nails, and this spot was apparently weakened, for it was there that the break took place.

Today's Telegraphic News.
Royal Wedding.
Glücksburg, Germany, Oct. 11.—The marriage of Duke Carl Edward of Saxe-Coburg-Gotha, ruler of the duchy to the Princess Victoria, Adelheid, of Schleswig-Holstein-Sonderburg-Glücksburg, was celebrated here today. The civil ceremony was performed by the Duke's court chaplain, and was attended only by relatives of the bride and groom, and the Kaiser and Kaiserin. The religious ceremony followed the civil and was held in the Protestant chapel of Glücksburg castle. A brilliant assembly representing all the German reigning families, and most of the foreign governments was present at the religious ceremony. The young people received a large number of presents both from persons at home and abroad. The Kaiser and Kaiserin arrived for the wedding yesterday, coming on the royal yacht Hohenzollern accompanied by their two younger sons, Prince Eitel Fritz came by train. Prince Arthur of Connaught, who represented the British government, and the Duchess of Albany, were among other notable guests.

Charged with Bigamy.
Franklin, N. H., Oct. 11.—Flora Blackburn Gill has made a complaint against her husband, Henry Gill, the coachman who was married to the New York heiress, Cornelia Hutch Dearborn, under the name of Harry Walker, jr., in Brookline, last week, and a warrant for the arrest of Gill was issued, charging him with bigamy. A consultation was held by the solicitor and sheriff, as they were in doubt as to whether or not an action could be begun in New Hampshire for a crime committed in Massachusetts. Deciding that they could not proceed legally, Sheriff Kimball held the warrant while Solicitor Clifford conferred with Attorney General Eastman. After the conference, Solicitor Clifford announced that neither he nor the Sheriff would take any action for the present. It is understood that the Gills had been in Montclair, N. J., but that they left there very suddenly a day or two ago.

The Venezuelan Question.
Paris, Oct. 11.—The impression is growing stronger in official circles that joint action on the part of the United States and France will be the outcome of the deadlock which has arisen in the dispute with Venezuela over the cancellation of the French Cable Company and the slight imposed by President Castro on the French Minister. The suggestion that France will delegate to the United States the power of making a demonstration on behalf of both countries is scouted here. The position of France and the justice of her claim, necessarily, that she shall act directly in case President Castro does not offer satisfaction to the government. Nevertheless, France is not willing to resort to force except with the full sympathy and support of the United States.

Czechs and Germans Clash.
Vienna, Oct. 11.—Another serious clash between Czechs and Germans has occurred, Prossnitz being the scene of the disorder. An excited crowd of Czechs paraded the streets of the town at midnight, smashing the windows of houses belonging to Germans. A conflict with the Germans resulted and the gendarmes and cavalry interfered. The appearance of the soldiers and policemen was the signal for an attack by the people who threw volleys of stones at the officers and soldiers. One officer was seriously injured. The cavalry then charged on the mob and many persons were injured when the mounted soldiers resorted to this method of quelling the disturbance.

Steamer Struck Mine.
Tokio, Oct. 11.—A telegram from Moji says that the British steamer Lho struck a floating mine on September 30, ninety miles east of the Shantung light-house, and was sunk. Fifteen of her passengers and crew are missing, two of whom are Europeans.

The German steamers Emstruve (?) and Hans Wagner were seized by the Japanese yesterday off Fusan and Nishima, respectively. The steamers were bound from Vladivostok, it is alleged, were carrying contraband of war.

Russia's Real Purpose?
Berlin, Oct. 11.—The National Kreuz Zeitung is authority for the statement that the real purpose of Russia in planning to colonize soldiers from the Manchurian army in Siberia on a plan which resembles the American homestead scheme, is for the purpose of maintaining a large army in the far East, with which she will be prepared to revenge herself upon Japan for the bitter defeat of the recent war at the first favorable opportunity.

The Strike in Moscow.
Moscow, Oct. 11.—The ranks of the striking bakers, printers, and other laborers have been swelled by a strike of men employed in the foundries and the engineering works. In some cases the majority of the men employed in many factories did not wish to strike, but they were forced to join in the movement. As the result of bad feeling which exists, it is feared that trouble will occur.

Legislative Investigating Committee.
New York, Oct. 11.—The legislative committee which has been inquiring into the insurance scandals, met this morning, and adjourned until next Tuesday out of respect to the memory of Speaker Nixon of the State Assembly, who died yesterday afternoon. The committee will attend the funeral which will probably be held on Friday.

Cheated Death.
Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitter, which effected a complete cure. I have also found them of great benefit in general debility and nerve pain, and kept them on as a tonic, and, as I find they have no equal, E. S. Leadbeater and Sons, druggists guarantee them at 50c."

Some Seasonable Advice.
It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Gibson & Timberman and W. F. Creighton & Co.

City Council.
The first meeting of the City Council since July 11 was held last night. A considerable volume of business was transacted.

BOARD OF ALDERMEN.
All the members of the Board of Aldermen were present. Most of the business originated in the north end of the City Hall building last night.

Measures looking toward the extension of the Royal street sewer to Church street, an appropriation of \$1,800 for additions to the Columbia engine house and the report of the committee on streets on a petition of residents of north Alfred street for paving that thoroughfare between Queen and Princess streets, received from the Common Council at the last meeting and laid over, were concurred in.

A report of the committee on streets on a resolution appropriating \$3,500 for macadamizing Washington street from Queen to Oronoco, also received from the Common Council at the last meeting and laid over, was read.

President Sweeney opposed a concurrence and spoke earnestly against the measure in its present shape. He thought before such an amount of money was spent some guarantee should be received from property-owners on the two squares it was proposed to improve that they would set the curbing and do their part toward improving the street.

Sweeney said he was not opposed to improving Washington street, but was adverse to macadamizing the squares named until there was something placed thereon in the shape of a curbing. He referred to other streets where such work had been done, and said ex-Mayor Simpson acted wisely when he vetoed a resolution to repair Franklin street where no curbing existed. Mr. Sweeney in his observations concerning street work expressed his aversion to paving portions of squares with vitrified brick and leaving cobblestones in places before certain property.

He suggested that the resolution under consideration should be re-committed with instructions to the City Engineer to prepare a plan for the improvement of Washington street.

Mr. Marbury, who had moved a concurrence with the action of the Common Council, asked if Mr. Sweeney did not vote for the proposed Franklin street improvement; also for a resolution to improve streets in his own ward where the city paid for the curbing and guttering.

Mr. Sweeney replied that he did, but had protested against the course the city had pursued.

Mr. W. Sweeney favored a postponement of the matter until the next meeting, but was opposed to the plan under consideration. Several years ago, at his suggestion, the City Engineer had been directed to prepare a plan for the improvement of Washington street. Nothing, however, came from it. Eventually this thoroughfare would be paved with vitrified brick; hence he was opposed to temporary improvements. This was the street above all others in Alexandria which should be beautified.

Mr. Hill speaking of street improvements, said 80 per cent of the property-owners on Prince street, between Royal and Washington, wanted a vitrified brick roadway.

Mr. Curtin said he favored the improvement of Washington street, but he saw no immediate prospect of laying vitrified brick on that thoroughfare.

Mr. Marbury renewed his motion to concur in the action of the Board of Aldermen. This was lost and the matter was recommitted with instructions to the City Engineer to prepare a plan for the improvement of Washington street.

Several reports of committees were submitted and some new business presented which caused no discussion, all of which will be found in the official proceedings, after which the Aldermen proceeded to the chamber of the Common Council where the bids for furnishing electricity to the city were opened. Upon their return they concurred in certain measures sent in from the lower board and then adjourned.

COMMON COUNCIL.
The board was called to order at 8:01 o'clock.

A communication was received from the Mayor, congratulating the Council on the complete legislation of last summer which had rendered needless any urgent action during the recess. He urged action on the subject of extending the boundaries of the city. Also in reference to the Board of Health and to the Physicians of the Poor. The communication was referred to the committees on finance and general laws.

The committee on the application of W. T. Beane on north Columbus street, reported in favor of an appropriation of \$150 for a sewer to drain his property, the money to be available as soon as deposits shall have been made for three taps.

An ordinance to repeal all laws requiring the steam railway companies to maintain gates on certain streets, was introduced and referred to the appropriate committees.

Miss Sarah A. King was given permission to erect a frame and metal kitchen at 313 Wolfe street.

Mr. Williams offered a resolution requesting the committee on streets to recommend to Council means providing for the improvement of the sidewalk leading from Upper King street to the new union passenger station, and also requesting the committee on light to report on the subject of improving the lighting facilities in that section. The measure was referred to the joint committee on streets, light and general laws.

Edgar Warfield, jr., made application for leave to extend the east wall of his new building on King and Pitt streets 12 inches on Pitt street so as to make his line the same as the neighboring buildings. After debate by Messrs. Leadbeater, Williams, Strauss, Uhler, Marshall and others, on motion of Mr. Uhler the petition was granted.

The chair announced that under the ordinance for the sale of the franchise for furnishing electric light and power to the city, bids had been received which must be opened in joint session, and Council took a recess to await the coming in of the Aldermen.

JOINT SESSION.
The Aldermen having entered the Common Council chamber, a joint convention began and the bids were opened. The first bid was that of W. T. Barstow, who stated in an attached letter that he had the financial backing of

Messrs. Moffatt and White, bankers, of New York city. He offered \$8,500 for the franchise and the old plant, and agrees to furnish arc lights for street lighting purposes at \$75 per light, each lamp to burn all night every night, current and power to consumers at 14 cents per kilowatt hour for the first hour, and 7 cents each succeeding hour, and free incandescent lamps. He further agrees to give the city 5 per cent, of the gross receipts from the franchise, the city's share to be not less than \$500 per annum, and to furnish the city current for light and heat at a discount of 10 per cent.

Mr. Barstow also made several other propositions. He offered \$5,000 for the franchise and agreed to furnish the city arc lights at \$75 each per annum, or \$120.00 per annum for arc lights, or \$13,500 for the franchise and the old plant, the city to pay \$82.50 per annum for arc lights.

The other bid was submitted by Messrs. D. J. Howell and L. E. Sinclair, who offered \$2,500 for the franchise, or \$5,000 for both, agreed to furnish eighty-five or more arc lights at \$65 per light per annum, and to pay the city 10 per cent of their gross receipts. They also offered to furnish current for private consumption at 10 cents per kilowatt the minimum charge to be \$1 per month.

A number of other papers supposed to be bids were opened, but they turned out to be offers to furnish special articles in connection with electric work. One offered to dam a small stream and put up an hydro-electric plant. Another suggested the use of certain chimneys, &c. All these were laid aside, none but Mr. Barstow's and the Howell bids enclosing the guaranteed checks as required by law being considered.

Mr. Spinks urged that before any action be taken by Council the committee on light should report the cost of building a new electric plant and the expense of carrying on the same.

The chair held that these questions could not be acted on in joint meeting. The joint meeting then dissolved.

On the reopening of Council Mr. Spinks moved to lay the whole matter of the electric franchise on the table and the motion was lost.

The bids were then referred to the committees on finance and light.

Fighting for Control.
Toledo, O., Oct. 11.—The Wabash bondholders practically finished their examination of credentials at midnight, and a formal ballot will be taken this morning. Each side will vote in bulk its entire strength. It is not definitely known what the ballot will show, but information by those in touch with the situation give \$22,000,000, and Ramsey, \$17,000,000 worth of securities. This means that Ramsey is completely routed in the bondholders' action.

Toledo, O., Oct. 11.—Kidding rough shod over the protests of the Ramsey interests in the debatable bondholders meeting, of the Wabash railroad and backed by electing inspectors of their own, choosing, and by tellers whom the Ramsey people claim, are paid attorneys for the opposition, the Gould faction nominated the six directors to which the bondholders are entitled, this morning.

Miss Lawson, who was given away by her father, was attended by her two young sisters, the Misses Marion and Dorothy, as bridesmaids, and Miss Bunny Lawson, the youngest of the family, as flower girl. Mr. Stanwood's best man was Ezra Barstow. It was strictly private, only members of the two families being bidden, the total number of guests being less than one hundred.

Attempted Outrage.
Bloomington, Ind., Oct. 11.—A brutal attempt was made this morning to assault Mrs. Frank Mulky, a well known society and club woman of this city. The negro entered Mrs. Mulky's bedroom and a desperate hand to hand struggle followed. The negro was finally frightened away and Mrs. Mulky informed the telephone police, who later arrested Levi Johnson. He denied he was the man, but his face and clothes were scratched. This morning he was taken to the Mulky house and the woman positively identified him.

Johnson will be taken before the grand jury today and, if possible, will be tried before Judge Wilson this afternoon. The feeling against him is intense and there is fear that unless Johnson is got out of the way there will be a lynching tonight.

Terrorists' Threat.

Overrun by Tartars.
St. Petersburg, Oct. 11.—Advices from Tiflis say that Tartars are overrunning that section of the country, and many villages have been occupied by them. The government has completely lost power in a section of the territory which covers an area of fully 200 square miles.

New York Stock Market.
New York, Oct. 11.—The stock market gathered strength from the opening and many of the stocks traded in made material gains in the first hour, the buying all around the room being enthusiastic and aggressive. Foreign buyers say that the strength of the foreign market was due to a great extent to confidence on the other side that the Bank of England rate will not be further advanced.

Forty-two American students, winners of Cecil Rhodes scholarships, arrived at Liverpool, Eng., today on the steamer Havford, and started at once for Oxford.

Proposed Amendments.

Mr. Fisher, from the joint committee on streets and general laws, presented in the Board of Aldermen last night the following resolutions which were adopted:

Resolved by the Board of Aldermen of the city of Alexandria, Virginia, the Common Council concurring,

1st. That an amendment to the constitution of Virginia providing that the councils of the several cities and towns of this State shall have power to impose special local assessments upon abutting land owners for street improvements, is highly desirable and necessary to the improvement and development of our city.

2nd. That the representatives of this city in the Senate and House of Delegates are hereby requested to use their best efforts toward securing, at the next session of the legislature, the passage of a bill proposing such an amendment.

3rd. That the Corporation Attorney be hereby directed to send copies of this resolution to the councils of the several cities and towns of this State, and, as far as practicable, to the individual members of the same, together with a communication urging them to adopt resolutions favorable to the said amendment, and such other documents as he may deem best.

4th. That it is the earnest desire of the city council of Alexandria that the cities and towns of this State should be given power to levy the said assessments in order that the said municipalities, and those immediately and specially benefited by street improvements may share the burden of their construction in such manner as to produce the best results without hardship or injustice upon such landowners.

5th. That the Mayor of Alexandria is hereby respectfully requested to address a communication to mayors of the several cities and towns of this State, urging them to exert their influence in behalf of the proposed amendment.

6th. That the sum of two hundred dollars (\$200.00) or so much thereof as may be necessary, be, and the same is, hereby appropriated for the purpose of carrying out the provisions of this resolution, and that the Auditor be, and is, hereby authorized to draw warrants from time to time, for the same, not exceeding the above amount, payable to the Corporation Attorney.

Wedding.

A dispatch from New York says there was an ultra-fashionable wedding in Flushing yesterday when Miss Elizabeth Metcalf Allen, of Flushing, L. I., a direct descendant of Priscilla and John Alden, of New England colonial history, was united to Louis Albert de Cazenove, jr., of Fairfax county, Va., great-grandson of Richard Henry Lee, one of the framers of the constitution.

The bride had as maid of honor Miss Martha Perry Rockwell, of Bristol, R. I., and as bridesmaids Misses Pauline de Cazenove Jones, of New York; Matilda Hoffman Roberts, of Charlotte; and Blanche Millard, of Flushing. Maurice Dupont Lee, of Washington was best man. Messrs. Cazenove, Gardner Lee, James O. H. de Cazenove, Norman Beecher, Clarkson Abel Collins, jr., and Harris King Murray were ushers.

A reception for relatives and friends in the palatial home of the bride followed the church wedding at Flushing, at which a large number of notable society people of New York, Boston, Newport, Washington, Baltimore and Richmond were present.

Opera House.

Another large crowd was present at the Opera House last night to witness the production of "The Queen of the Harem" by the J. L. Tempest Dramatic Company. As is usual with this company the drama which contained some very thrilling parts, was well and capably interpreted by the company. Mr. Wm. Scanlon played the part of the hero in a masterly style and was frequently applauded, as was also other members of the company. The drama throughout was thoroughly enjoyed. The attractions for the rest of the week are as follows: To-night—"Plucking a Rose." Thursday—"The Lighthouse Tragedy." Friday—"By request" "East Lynne." Saturday matinee—"Bachelor's Troubles." Saturday night—"Vagabond's Wife." At the Saturday matinee a handsome gold watch and chain, which is on exhibition at E. Warfield's jr., drug store, will be given to the one holding the lucky number.

Bonds Issued.

The New York Commercial says: The Richmond-Washington Company, which owns the "union" line, the Richmond, Fredericksburg and Potomac and the Washington-Southern, from Washington to Richmond, 115 miles in length, which is used jointly by the Pennsylvania, Atlantic Coast Line, Baltimore and Ohio, Chesapeake and Ohio, Seaboard Air Line and Southern Railway, has issued an additional \$2,000,000 of its collateral trust 4 per cent. bonds and sold them to a syndicate of Boston and New York bankers. The entire authorized issue is \$11,000,000, and the amount now outstanding, including those just sold, is \$8,500,000. The stock of the company is owned in equal parts by the six railroads above mentioned, which jointly and severally guaranteed the principal and interest of the bonds. The bonds are due June 1, 1943.

Cole and Rogers' Shows.

As heretofore stated, Cole & Rogers' Circus will visit this city on Friday night and give two performances, one in the evening and one at night. A grand street parade will also be given at 12 o'clock on that day. These shows differ from the ordinary, as they contain everything new, the managers having eliminated the old circus features. The show throughout will be highly entertaining, and a number of clowns will keep the run up to the top notch. Besides the various acts which will be presented, this circus carries a menagerie which is well worth seeing. The acrobatic feats, the bareback riding, and the tumbling are said to be some of the best obtainable.

Election Tomorrow.

The special primary election for Clerk of the Corporation and Circuit Courts of this city will take place tomorrow, Messrs. N. S. Greenaway and Charles Bendheim are the candidates, and they and their friends have made an active canvass of the city during the past three weeks. The candidates as well as those who are championing their causes are sanguine. It is generally conceded that the result is uncertain from the fact that the present electorate is composed of a large percentage of vest-pocket voters most of whom are loth to say for whom they intend to vote. The candidates are well-known and popular citizens. Both are capable gentlemen, and no matter which may be selected the city will secure an efficient and responsible officer.

The polls will be opened at 6 o'clock tomorrow morning and will be closed at 6 in the evening. The following will be the voting places:

First ward—Elks' Hall.
Second ward—City Hotel.
Third ward—Odd Fellows' Hall.
Fourth ward—Friendship engine house.

The following were among the resolutions governing the primary adopted by the city democratic committee at its last meeting:

Resolved, That the polls shall be opened at the usual voting places from six o'clock a. m. until six o'clock p. m. and that the regular democratic judges and registrars of each ward will act as judges and clerks of the said election.

Resolved, That all democrats who are qualified to vote in the general election, and all other white voters so qualified to vote, who pledge to support the nominees of the primary, shall be permitted to vote in the said primary.

Police Court.

[Justice H. B. Eaton presiding.]

The following cases were disposed of this morning:

Welby Redmon, arrested by Officer Arrington for disorderly conduct and fighting, was fined \$20.

A white man, arrested by Officer Sherwood on suspicion of larceny, was sent to jail for five days.

Mary Ennis, colored, arrested by Lieutenant Smith charged with permitting a vicious dog to run at large, was dismissed.

George Johnson, charged with obstructing Market alley with his wagon, had his case continued.

A white man, arrested by Officer Smith charged with assaulting a child, was dismissed.

Suits for Damages.

Suits for damages growing out of the delays occasioned several persons in getting back to Washington from Colonial Beach Sunday, August 13, are being heard before Justice O'Neal in Washington.

Two of the cases, those of John Immire and Lester Murdoch, were brought up yesterday afternoon and the testimony taken. The cases were postponed until Thursday afternoon when arguments will be presented. There are ten cases so far filed, but before the matter is ended it is said that there will be about eighty or more. The two now on trial are the last cases. Two steamers on their last trip from Colonial Beach August 13 were unable to bring back all who desired to come.

Southern Railway.

The twelfth annual meeting of the stockholders of the Southern Railway Company was held at the general office of the company in Richmond yesterday. The report of the operations for the fiscal year ending June 30, 1905, were approved. All actions of the Board of Directors since the date of the last stockholders' meeting were ratified and confirmed. Messrs. Samuel Spencer, Charles Steele, Harry C. Farnestock and William W. Finley were elected directors of the third class for the term of three years. Colonel A. B. Andrews, first vice president of the company, acted as chairman of the meeting.

Fined Twenty Dollars.

Officer Arrington yesterday arrested Welby Redmon, who was charged with disorderly conduct and fighting. Redmon with two soldiers, it will be remembered, caused considerable excitement at the intersection of Prince and Royal streets by fighting on an electric train Monday evening. The soldiers were fined \$10 each in the Police Court yesterday and Redmon had \$20 assessed against him by the same tribunal this morning. People living near the scene of the disturbance say that such occurrences are becoming common late at night.

House Sewerage System.

Mr. Marbury introduced in the Board of Aldermen last night an ordinance granting a franchise to the National Sanitation Company which has for its object the construction and maintenance of a house sewerage system in the city of Alexandria. The ordinance was referred to the committees on streets and general laws. The company proposes to erect a pumping station and construct a purification station. The company, should the plant be installed, will be empowered to collect from property owners yearly payments for the services of the system.

There are twenty-three chapters in the State, and each is entitled to two representatives.

CARD OF THANKS.

The committee on the Old Ladies' Home wish to express their most grateful thanks to the generous response to the notice on Monday night about the need for coal. They have nine dollars in money and a contribution of one and one-half ton of soft coal, quite sufficient for present needs.

Last Hope Vanished.

When leading physicians said that W. M. Smith, of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for Consumption, Coughs and Colds, kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for Coughs, Sore Throat, Whooping Cough, and all other lung troubles. Guaranteed 50c and \$1.00 bottles at E. S. Leadbetter & Sons drug store. Trial bottle free.

The County Gambling Cases.

In Richmond on Wednesday after Judge Waddill had set Tuesday next for the time of hearing the Alexandria county gambling cases, in which it is claimed that the county is a part of the District of Columbia, the question of the right of the authorities to raid the poolroom while the case is pending came to the notice of the court, and Judge Waddill suggested that it would be well that there should be no interference with the business of the Virginia Telegraph Company until the question is finally determined next week. Mr. Mackey took issue with the court and asserted that the poolroom people have no right to conduct business and be immune from arrest during the period stated, but Judge Waddill said that no great harm could be done during the few days, and suggested that the raiding of the place during the few days might be considered an interference with the functions of the court. Mr. Mackey had asserted that he would raid the place if it was opened for business, but in view of the statements of the court he will not attempt any general raid until after the matter has been finally disposed of.

There was a persistent rumor about Washington yesterday to the effect that the pool rooms would open again. Attorney Crandall Mackey, when advised by a reporter that several sports had gone across the river for the avowed purpose of betting their money on the horses, said that while a few might care to continue in this defiance of the law, the gambling business at Jackson City has been stopped for good, and that the days of the "open house" were over.

Miss Mary H. Taylor, who spent the summer in the Valley, has returned to her home in this city.

Mr. J. Hanson Price continues quite ill at his home on north Alfred street, though his condition is no worse.

Mr. and Mrs. Maurice Wilkins have returned from their wedding trip.

Among those who attended the meeting of the American Bankers' Association in Washington yesterday were Messrs. J. T. Burke and C. T. Smith, of this city.

Accident to a Train.

All the northbound Southern Railway trains arrived here late today in consequence of an accident to northbound freight train No. 72 at Gilbert's, a short distance south of Charlottesville, last night. The wrecking train was sent to the scene from this city. Several cars of the freight train were derailed, but no one, it is said, was injured.

Heavy Showers.

The mild and fair weather of the past few weeks was followed yesterday evening by cloudiness, and rain fell during the night. This morning there were light showers with a stiff southeast wind. About noon the wind changed to the southwest and copious downpours of rain followed, accompanied at times by heavy falls of wind.

The Bankers.

Washington, D. C., Oct. 11.—The thirty-first annual convention of the American Bankers' Association opened this morning at the National Theater.

In his annual address the president of the association, E. F. Swinney, of Kansas City, Mo., attributed the bank failures of the past year principally to the granting of excess loans to unsound industrial enterprises. He regarded as inadequate the present national banking laws which limit the loans to any individual, firm or corporation to ten per cent. of the capital stock of the lending bank, and recommended a change whereby banks would be permitted to loan ten per cent. of their combined capital and surplus to one individual, firm, or corporation. The administration's view of the legislative inquiry now proceeding in New York was reflected in a vigorous speech by Comptroller of the Currency Hildreth. One of the most interesting features of the report of the secretary of the association, James R. Branch, of New York, was the portion relating to the detection of bank criminals. During the year the protective committee, working in conjunction with a national detective agency, captured 62 professional bank criminals, 35 of whom were convicted. An address was made by Secretary of the Treasury Shaw on the merchant marine. Mr. Shaw pointed out that the United States had protected and encouraged every interest but our merchant marine and that every protected interest had flourished.

Frank A. Vanderbilt, president of the National City Bank of New York, in a review of the financial trade and industrial situation before the bankers today sounded a note of warning against overconfidence in the country's marked prosperity. He pointed out that the South and West have an agricultural crop of \$500,000,000 more valuable than the ten-year average and worth a total of three billions, and said the Mississippi Valley, having paid mortgages and acquired a surplus, will soon rival New England as a bond market.

Sure as we are of many of the substantial foundation stones upon which to rear a structure of property we may be as sure that there are dangers lurking in the situation. Among those which we know exist, there comes first, our illegal and unscientific currency system. We know that this system may at any time breed us trouble.

Athletics Even It Up.

The baseball fans of New York had their chance yesterday to partake of the world's series feast, to see the second fight in the series to decide whether the Philadelphia Americans or the New York Nationals shall be the champions of champions. The score of the game was exactly the same as it was Philadelphia the day before, 3 to 0, but nevertheless there was a vast difference. It was a pitcher that won the first game; it was a pitcher that loomed up most toweringly yesterday. Bender, the Indian boxer, smiling and good natured, and yet resolute, was at all times a swarthy obstacle in the path of New York. McGinnity, who pitched for New York, proved himself a not unworthy rival of the dark skinned finger from the Keystone Commonwealth. McGinnity, indeed, would have had as clean a slate as Bender to his record had there not been costly errors behind him. These errors were few and far between, it is true, but the damage they inflicted was as destructive as Mercurio's wound.

Smashed the Angels.
 Gutzu Borglum, sculptor of the Angel of the Annunciation and of the Angel of the Resurrection, which were intended to have adorned the walls of the great cathedral of St. John the Divine at Morningside Heights, New York, announced yesterday that he had destroyed the two figures. Mr. Borglum did so because of a dispute which had arisen as to whether the figures should be masculine or feminine. The sculptor had created his conceptions of the two angels in the form of women and his work had been sharply criticized on that score. Mr. Borglum said yesterday that he had received a final opinion of one of the church authorities that figures must be masculine, and he added:
 "I went to the cathedral Monday and with a chisel and a mallet smashed the angels into bits. Although I have done nothing in the past year into which I have put more care and thought over I thought I felt like the veriest vandal in the completely wrecking what I knew to be works of beauty and power I did so to put a stop to a useless discussion and to prevent any use being made of the figures other than had been originally intended."

"I am absolutely astounded that any clergyman could stand in the presence of thirty or forty images of a purely religious and spiritual character and see nothing in them but sex. And now that the whole unpleasant matter is over I am just as sure as ever that the feminine side of our race must ever continue to be our chief source of artistic inspiration and will so remain absolutely unaltered by all pedantic controversies."

A Daredevil Ride.
 often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at E. S. Leadbeater, & Sons, druggists.

Insomnia and Indigestion Cured.
 "Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by Gibson & Timberman and W. F. Creighton & Co.
